Portfolio - https://ananyawnss.github.io/Portfolio/

MSc Biotechnology student with an increasing interest in the fields of Precision Fermentation and Cultured Meat. Native proficiency in English (C2) and limited working proficiency in Dutch (A1).

EDUCATION

2006-2019 **St. Mary's School, Pune (ICSE)**

10th Grade – 96%

2019-2021 **City International School, Pune (CBSE)**

12th Grade – 88%

2021-2025 **Vellore Institute of Technology, Vellore**

(B.Tech in Biotechnology)

CGPA– 9.14

2025-2027 **Wageningen University and Research, Netherlands**

(MSc Biotechnology, Specialization Food)

Grade– 7.55

EXPERIENCE

PART TIME

20th March 2026 – Present

Veg Nation, Utrecht

Working as a part-time waitress for the Indian restaurant Veg Nation in Utrecht, Netherlands. Responsible for floor duty, including but not limited to being a server, cashier, bartender, ensuring customer comfort and redressal of any grievances.

INTERNSHIPS

5th January 2025 – 5th May 2025

Indian Institute of Technology, Madras (IITM)

Completed final semester capstone project which focused on the development and optimization of a microfluidic device for the filtration of exosomes from chemically stimulated skeletal muscles isolated from chicken leg. Gained hands on training on the dissection processes involving chicken muscles as well as working with PDMS (Polydimethylsilioxane) for the fabrication of the microfluidic device.

10th June 2024 – 29th June 2024

Heartfulness Tree Conservation Center, Hyderabad

Completed an internship focused on advanced micropropagation techniques and plant tissue culture of various species. Gained in-depth experience in the cultivation and propagation of plants through tissue culture methods.

7th August 2023 – 15th December 2023
Serum Institute of India, Pune

Worked on a project involving the biotinylation of polysaccharides utilizing Meso Scale Discovery (MSD) technology. Gained foundational knowledge in Immunology, including expertise in MSD, PCR, and Quality Control testing of vaccines.

HACKATHONS

20th September 2024 – 21st September 2024
Medical Devices and Clinical AI Workshop

Participated in a two-day hands-on workshop on "Designing and Validating Medical Devices and Clinical Artificial Intelligence" collaborating with a team to develop a mock Clinical Decision Support System (CDSS) model for diagnosing depression in college students through a kiosk-based system. This experience provided valuable insight into the conceptualization, design, and validation of AI-driven healthcare solutions, with a focus on the integration of medical devices and clinical artificial intelligence.

3rd June 2023 – 4th June 2023
IGNITIA Hackathon

Participated in the 36-hour Yantra 2023 Ignitia Hackathon, organized by E-Cell and ISTE, VIT, and received the 'Best Business Model' award for an innovative design aimed at alleviating menstrual cramps.

13th April 2022
BIDFest

Secured the Second Prize at the 7th Edition of BIDFest (Bio-Inspired Design Fest), organized by SBE, VIT, for developing an innovative solution in environmental and biomedical waste treatment.

PUBLICATION

October 2025
Published a first-author review article in Taylor and Francis on groundwater contaminants.
Topic - Emerging Contaminants Jeopardizing Groundwater Integrity: Environmental Implications
https://www.tandfonline.com/doi/full/10.1080/26395940.2025.2 572634

EXTRACURRICULARS

February 2023- January 2024
Vice-Chairperson

Served a one-year tenure as Vice Chairperson of The Culinary Club, developing strong leadership and responsibility skills through managing events, coordinating team activities, and fostering collaboration among members.

January 2023 – February 2023
Event Representative

Served as Event Representative for two events at Riviera'23 on behalf of the Culinary Club, overseeing event coordination, participant management, and ensuring smooth execution of activities.

SKILLS

Singing (Carnatic classical music, Grade 2 certification)
Keyboard Player (Grade 2 certification, Trinity College London)
Athlete (Sprinter)
